SAYS the Courier-Journal: A judge in Fleming county, a justice of the peace or a police judge, it must be supposed, discharged a negro boy charged with stealing a suit of clothes from his uncle in Flemingsburg because the fellow was arrested in the next county, Mason. A TELEGRAM from San Francisco says the Anti-Chinese Convention in that city adopted a plan of action and then after choosing an executive committee adjourned sine die. The plan of action, it is said, "includes a scheme to divide the Pacific Coast into districts which shall be notified to remove the Chinese within a specified time. Failing such action, the district is to be proclaimed dangerous, and peaceably disposed citizens to be warned to abandon it; and if the Chinese are still harbored in the district, the League is to remove them by force as may be necessary, until the country is rid of them."

The Maysville Postoffice.

The Frankfort Yeoman says: The removal of J. M. Stockton from the postoffice at Maysville, and the appointment of M. C. Hutchins in his place, has created great dissatisfaction in that city. Accounts from Washington indicate that the change was accomplished by a bit of sharp practice, which, if it be true, is not at all creditable to Mr. Hutchins. They say he obtained letters of recommendation from prominent citizens of Maysville and Mason county for another place and used them to obtain the postoffice, when it was not the will of the signers that Mr. Stockton should be removed. The truth is that Mr. Stockton had held the place for many years to the entire satisfaction of everybody, and no person wished to see him displaced. It was therefore a great surprise and disappointment to the people that he was removed.

The opinion of a prominent Indiana politician is quoted to the effect that nearly all the Congressional delegation from that State will be renominated for office.

FILES! FILES! FILES!

A Sure Cure Found at Last—No One Need Suffer!

A sure cure for bilad, bleeding, itching and ulcerated piles has been discovered by Dr. William, (an Indian remedy,) called Dr. Williams' Indian Ointment. A single box has cured the worst chronic cases of twenty-five or thirty years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electrics do more harm than good. Williams' Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed,) acts as a poultice, gives instant and painless relief, and is prepared only for piles, itching of the private parts, and nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. Williams' Pile Ointment: I have used scores of pile cures, and it affords me pleasure to say that I have never found anything which gave me such immediate and permanent relief as Dr. Williams' Indian Ointment.

Dr. Frazier's Root Bitters.

Frazier's Root Bitters are not a dram-shop whisky beverage, but are strictly medicinal in every sense. They act strongly upon the liver and kidneys, keep the bowels open and regular, make the weak strong, heal the lungs, build up the nerves and cleanse the blood and system of every impurity.

For dizziness, rush of blood to the head tending to apoplexy, dyspepsia, fever and ague, dropsy, pimples and blotches, scrofulous humors and sores, tetter, ring worm, white swelling, erysipelas, sore eyes and for young men suffering from weakness or debility caused from imprudence, and to females in delicate health, Frazier's Root Bitters are especially recommended.

Dr. Frazier: I have used two bottles of your Root Bitters for dyspepsia, dizziness, weakness and kidney disease, and they did me more good than the doctors and all the medicine I ever used. From the first dose I took I began to mend, and I am now in perfect health, and feel as well as I ever did. I consider your medicine one of the greatest blessings.

BATCHELDER'S Ventilated Egg Case.

Patented February 15, 1881.

Indispensible to Merchants Shippers and Producers.

The outside frame of this carrier contains five trays, held in place by fasteners at end of case, as seen in cut. These Trays are constructed in reversible halves. The above cut shows one whole tray filled ready to be placed in case, each egg resting in its cardboard socket in such a manner as to be readily counted, candled, or transferred from tray to tray, or case to case, without rehandling.

For cold storage this case will store 60 dozen with racks made to receive the half trays, hence this is the cheapest storage case manufactured, saving largely in space.

The manner of holding the eggs on end prevents oscillation, adding, or breaking, and adds greatly to their freshness when carried long in storage. Size of 30 dozen No. 1 cases 25x12x14, weighs 20 pounds.
